INDEPENDENT AUDITOR'S REPORT

DOLE CAPITAL, LLC HONOLULU, HI 96813

I have audited the accompanying statement of financial condition of Dole Capital, LLC as of December 31, 2005, and the related statement of supplementary information required by Rule 17a-5 of the Securities and Exchange Commission for the year. These financial statements are the responsibility of the company's management. My responsibility is to express an opinion on the financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurances about whether the financial statements are free of material misstatements. An audit includes examination, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis from my opinion.

In my opinion the financial statements referred to above present fairly, in all material respects, the financial position of Dole Capital, LLC as of December 31, 2005, in conformity with generally accepted auditing principles.

My audit was made for the purposes of forming an opinion on the basic financial statements taken as a whole. The information contained in supplementary schedules on page 3 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in my opinion, is fairly stated in all their material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS December 31, 2005

Note A - Summary of Significant Accounting Policies:

Business Activities

Dole Capital LLC is registered as a Broker/Dealer in accordance with Section 15(b) of the Securities Exchange Act of 1934 with the Securities and Exchange Commission and with the National Association of Security Dealers, Inc. Central Registration Depository System.

In accordance with this registration the nature and scope of Dole Capital LLC's activities are the private placement of securities to institutions, qualified corporation and accredited individuals and merger and acquisition, consulting, and business and securities valuation and related financial advisory services in the state of Hawaii. Dole Capital, LLC does not handle customers' funds or securities. Dole Capital, LLC is required to maintain a minimum "net capital" of \$5,000 at all times.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less that are not required to be segregated under Federal or other regulations to be cash and cash equivalents.

Concentrations of Credit Risk

The Company is engaged in various activities in the private placement of securities in which counter parties, primarily broker-dealers, banks, and other financial institutions participate. In the event counter parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter party.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (continued) December 31, 2005

Income Taxes

The financial statements do not include a provision for income taxes because the LLC does not incur Federal or Hawaii Income taxes. Instead, its earnings and losses are included in the members' personal income tax returns and are taxed based on their personal tax strategies.

Securities Owned

The Company records marketable securities owned at market value with unrealized gains and losses reflected in income.

Note B - Net Capital Requirements:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requirements that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 8 to 1. At December 31, 2005, the Company had net capital of \$24,781, which was \$19,781 in excess of its required net capital of \$5,000. The Company's net capital ratio was .13 to 1.

Note C - Related Party Transactions:

The Company has an expense agreement with Kuroman Realty, Inc., in which Kuroman Realty, Inc. agrees to assume payment responsibilities for paying certain ongoing business expenses of Dole Capital, LLC including space rent, utilities, telephone, certain office expenses, office supplies, insurance required for the office space, office equipment maintenance, and related miscellaneous ongoing expense for the operation of the business. The sole shareholder of Kuroman Realty, Inc. is also an owner-member of Dole Capital, LLC.

SUPPLEMENTARY INFORMATION December 31, 2005

COMPUTATION OF NET CAPITAL

Total ownership equity (from statement of financial condition)	- \$	30,762
Add: Allowable credits		0
Total capital and allowable credits		30,762
Deduct: Non-allowable assets	~	2,727
Total capital		28,035
Other additions and/or allowable credits	_	0
Net capital before haircuts on securities positions		28,035
Haircuts on securities Common stock	-	3,254
Net Capital	\$_	24,781
COMPUTATION OF BASIC NET CAPITAL REQUIREMENTS	-	
Minimum net capital required: (6-2/3% of aggregate indebtedness)	\$_	218
Minimum dollar net capital requirement of broker-dealer		5,000
Net capital requirement (greater of above amounts)		5,000
Excess net capital	_	19,781
COMPUTATION OF AGGREGATE INDEBTEDNESS	-	
Accounts payable	\$_	3,265
Total Aggregate Indebtedness	\$_	3,265
Percentage of aggregate indebtedness to net capital	=	13%

COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS PURSUANT TO RULE 15c3-3 December 31, 2005

Credit balance in customers' security accounts	\$ - 0 -
Debit balance	\$ - 0 -
Reserve computation: Excess of total debts over total credits	NONE
Required deposit	NONE

There is no material difference between the corporation's computation included in Part II of Form X-17 A-5 as of December 31, 2005, and the computation presented.

INFORMATION RELATING TO THE POSSESSION ON CONTROL REQUIREMENTS UNDER RULE 15c-3-3 December 31, 2005

Dole Capital, LLC does not receive, directly or indirectly, or hold funds or securities for, or owe funds or securities to, customers and does not carry accounts of, or for, customers.

SUPPLEMENTARY INFORMATION December 31, 2005

RECONCILIATION OF COMPUTATION OF NET CAPITAL

Net Capital, per audited financial statements	\$ 24,781
Audit adjustments - additional accounts payable	 NONE
Net Capital, per FOCUS Report, Part IIA	\$ 24,781

February 1, 2006

Mr. Richard B. Dole Managing Member Dole Capital, LLC Honolulu, Hawaii

I have examined the financial statements of Dole Capital, LLC for the year ended December 31, 2005, and have issued my report thereon dated February 1, 2006.

As part of my examination, I made a study and evaluation of the system of internal accounting control to the extent I considered necessary to evaluate the system, as required by generally accepted auditing standards and Rule 17a-5 of the Securities and Exchange Commission. This study and evaluation included the accounting system, the procedures for safeguarding securities, and the practice and computations of aggregate indebtedness and net capital under Rule 17A-3(a) and (2) the reserve required by Rule 15c3-3(e).

Rule 17a-5 states that the scope of the study and evaluation should be sufficient to provide reasonable assurance that any material weakness at the date of my examination would be disclosed. The purpose of such study and evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of other auditing procedures necessary for expressing an opinion on the financial statements under generally accepted auditing standards and to provide a basis for reporting material weaknesses in internal accounting control under Rule 17a-5 and, with respect to rule 15c3-3, to provide reasonable assurance of compliance in all material respects with the possession and control requirements of that rule.

Dole Capital, LLC does not obtain or maintain physical possession or control of customers' funds or securities.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance concerning the safeguarding of assets against loss from unauthorized use or disposition, as well as the reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognized that the cost of a system of internal accounting control should not exceed the benefits derived therefrom, and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by management. However, for the purposes of this report, under Rule 17a-5, the determination of weaknesses to be reported was made without considering the practicability of corrective action by management within the framework of a cost/benefit relationship.

Dole Capital, LLC February 1, 2006 Page Two

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgement, carelessness or other personal factors. Control procedures whose effectiveness depends on segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented internally by management with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions, or that the degree of compliance with the procedures may deteriorate.

My study and evaluation of the system of accounting control for the year ended December 31, 2005, made for the purpose set forth in the second paragraph, would not necessarily disclose all weaknesses in the system which may have existed during the period under review.

As a result of my audit observations, I found no weakness I believe to be material.

Yours very truly,

DAVID E. LATHAM, C.P.A.
